FIFTEEN CENTS

PRACTICING FOR ROCK-A-THON -- Three of the 21 members of the Millburn Rainbow Girls show what they'll be doing between 7:30 p.m. Friday and, hopefully, until at least 12 noon on Saturday. They are (from left), Rae Ann Caldwell, who holds the office of Hope; Wendy

Irish, Worthy Advisor, and Sheri Bechtol, Charity. The Rock-a-Thon will benefit the Chain o' Lakes Senior Services, represented by Randy Wiesemann, standing at left. At the right is Zelma Bechtol, Mother Advisor of the Millburn Rainbow Girls.

Shoplifting Is Topic Thursday

Thursday night's general membership meeting of the Antioch Chamber of Commerce and Industry will preview the positive ways that storeowners and their employees can prevent shoplifting.

To accomodate store employees, as well as employers, the meeting will be held in the evening at the Antioch Country Club with cocktails at 6:30 p.m. and buffet supper at 7:30, at \$6 per person. Reservations were due Monday at the Chamber office.

As part of an intensive anti-shoplifting campaign, sponsored by the Chamber of Commerce and Industry, the program will consist of a film, "The Shoplifter," dealing with the range of methods used in shoplifting.

Following the film, a discussion will be conducted by a panel including Police Sgt. Chuck Miller, Sue Koppa and Antioch attorney Mike Gantar, dealing with the successful arrest and conviction of shoplifters.

Any questions from the audience will be answered.

Antioch Open Golf Meet Scheduled in August

Antioch will crown a golf champion this season.

The first annual Antioch Open, a 36-hole tournament, will be played on two Sundays at the Antioch Country Club.

The first 18 holes will be played on Sunday, Aug. 22, and the second 18 on Sunday, Aug. 29.

Sunday, Sept. 12, will be reserved as a rain date.

It will be a scratch tournament, no handicaps, and trophies and prizes will be awarded to the best players.

There will be competition in three divisions:

- The Championship Flight, for players who normally shoot

in the 70s for 18 holes.

- The Class A Flight, for golfers who shoot in the 80s.

- The Class B Flight, for golfers who normally score in the 90s or higher.

The championship tournament, the first of its kind in the Antioch area in many years, will be co-sponsored by the Antioch Country Club and the Antioch News.

It will be open to anyone living or working in Antioch and Lake Villa townships.

Entry blanks will appear regularly in the Antioch News

throughout the months of June and July, and early in August. More information on the tournament will appear in the news as the tournament committee meets to set up the rules.

The committee includes Rich Higgins, Mike Haley, Jack Fields, Pres Reckers, Nick Marucci, the pro at Antioch Country Club, and Jerry Pfarr.

The rules of golf will apply; for example, the ball must be played as it lies and all putts must be holed out. The penalty for out-of-bounds shots will be "stroke plus distance."

Golfers will be allowed to either walk the course or ride in carts.

For the first 18 holes, Aug. 22, pairings and starting times will be drawn from a hat. For the second 18 holes, Aug. 29, the leaders in each flight will be paired together according to their first-round scores.

Girls To Rock Around the Clock

Wouldn't it be nice to just sit back in a rocking chair and rock away for hours?

The 21 members of the Millburn Rainbow Girls (Assembly No. 82) are going to overdo it a bit when they participate in a Rock-a-Thon starting Friday night at 7:30.

They plan to rock for 16 or 17 hours, or more.

The Rock-a-Thon, with 21 chairs squeaking back and forth and 21 young ladies participating in the marathon, is the Millburn group's annual charity project.

Money is being raised for the Chain o' Lakes Senior Services.

The Rainbow Girls are already gathering pledges. Sponsors are donating a certain

amount of money for each hour the girls rock.

Persons can phone in pledges by calling Wendy Irish, worthy advisor of the group, at 395-4294.

The Rock-a-Thon is expected to last until 12 noon on Saturday, or longer, but Zelma Bechtol, mother advisor of the group,

Antioch Deputy Is Promoted To Sergeant

Vern Cook of Antioch, a Lake County sheriff's deputy since 1966, has been promoted to sergeant.

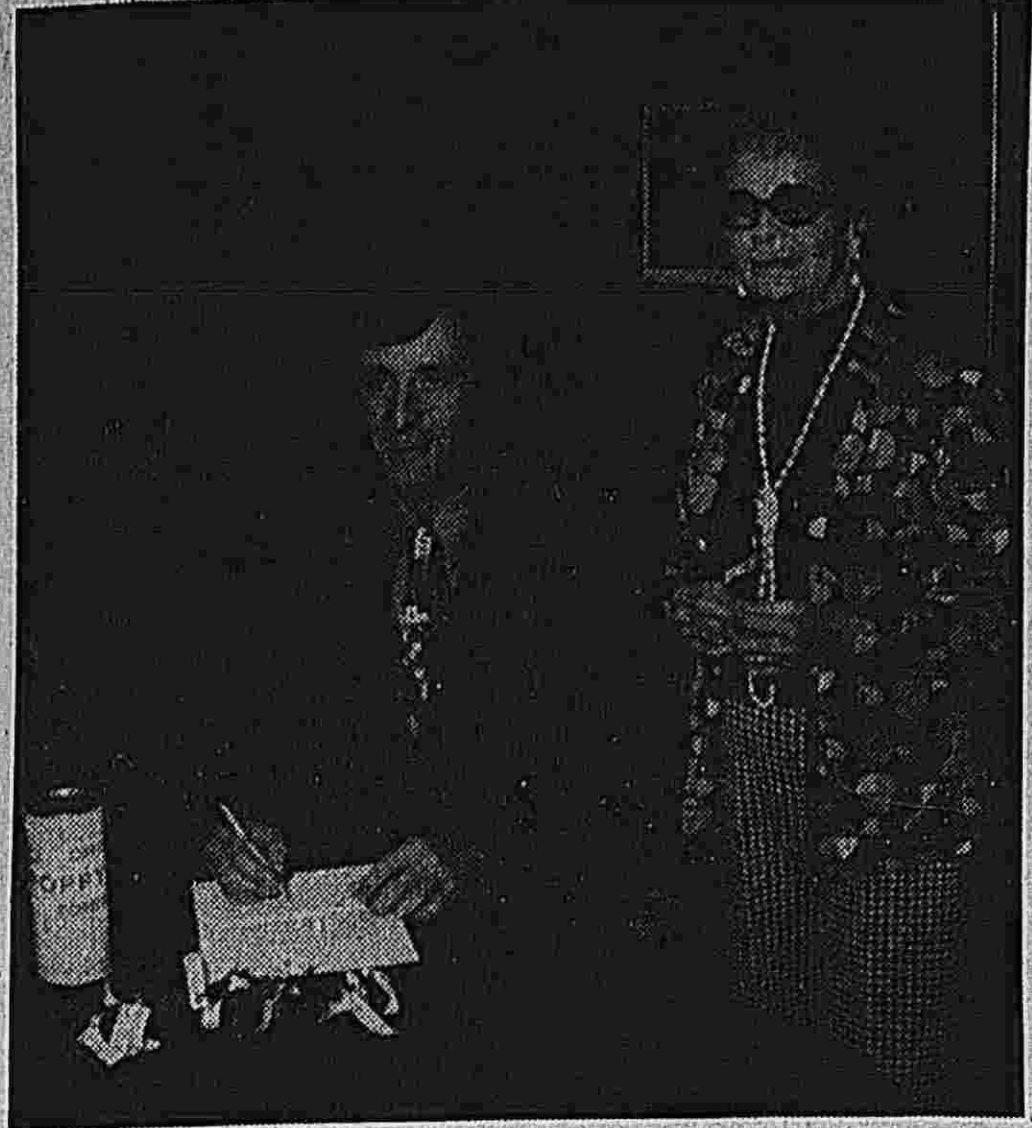

The promotions of Cook and James McGarvie of Deerfield to the rank of sergeant was the result of examinations given by the Lake County Sheriff's Office Merit Commission.

Cook and McGarvie are now attending supervisor's school at the University of Illinois at Urbana.

Sheriff E.J. LaMagdeleine said McGarvie will be assigned as afternoon shift commander of the highway patrol when he returns from the supervisor's school.

Cook will remain as chief juvenile officer, a post he has held for several years. Cook also is coordinator for criminal justice information and security and policing officer.

LaMagdeleine said McGarvie and Cook were the top two in the sergeant's examination.

"POPPY DAYS" were proclaimed in Antioch by Mayor Robert C. Wilton as Ruth Pettigrew of the American Legion Auxiliary observed. The dates are Friday and Saturday, May 21 and 22, when residents of Antioch will wear poppies to pay honor to the men who served gallantly to defend their country in times of war.

Local Environmental Program Singled Out

School District 34's Title III ESEA program, Environmental Education: "A thematic approach with three-pronged integration," was selected to make a presentation to midwest educators at Lake Park, Ill.

John Estep and Mary Kern, projector coordinator, took eight students to the conference. The students, Jenny Garland, Karen Shepard, Tim Plett, Sandi Jones, Abby Nasenbeny, Karen Allen, Greg Stevens and Dan Verkeyn demonstrated an example of the type of educational activities created by the program staff.

"This represents another tribute to the quality of environmental program being developed in our community by staff members from Districts 34 and 117 and St. Peter's," said Michael Teeley, director of the project.

While the students and teachers were explaining the program in Illinois, Mr. Teeley was presenting the program to a national conference for environmental education.

"The National Association for Environmental Education is an organization of educators from

schools, colleges and businesses throughout the United States. The association is dedicated to developing meaningful educational programs and teaching materials for use in schools, colleges and businesses throughout the United States. In the past five years the association has established itself as a major clearinghouse for high quality educational materials," Mr. Teeley said.

He presented a paper on two important aspects of the program, the teaching materials and a community environmental quality survey.

During the course of the three days at the convention and during a site visitation, Mr. Teeley said he discovered that Antioch has one of the leading environmental programs in the country. To date, program materials have been sent to dozens of school districts throughout Illinois and the United States.

It's all designed to help the senior citizens of the area, but that room full of rocking chairs is no place for a long-tailed cat.

Home Damaged By Fire

Antioch's volunteer firemen were out for nearly two hours last Wednesday night, battling a blaze at a home on the west side of Channel Lake.

Chief Charles Maplethorpe said the home, at 23 Prospect Ave., owned by Edwin Roll, was heavily damaged.

The fire call came at 7:51 p.m. Maplethorpe said Roll apparently was filling an oil stove when the fire started; then he had trouble finding a telephone in the neighborhood.

The home was "pretty well destroyed," the chief said.

The firemen also extinguished a car fire at 2 p.m. on Tuesday of last week. The owner of the car, Leonard DeGraff was doing some welding in a shop south of the village on Hy. 83. Maplethorpe said the damage was estimated at \$850.

The Antioch firemen now have made 83 calls this year, including 26 in each of the last two months.

"We're answering calls at a rate well ahead of last year," Chief Maplethorpe said.

Better Get 1976 Village Car Sticker

Antioch residents who still haven't purchased their vehicle stickers for 1976 are subject to arrest.

Police Chief John Wells said the deadline is long past and there will be a drive by police beginning Sunday. Violators will be arrested.

"Please get to the village hall and purchase your 1976 Antioch vehicle sticker," the chief said.

15 Complete Gymnastics Program

By SUE KOPPA

With the completion of the 11-week gymnastics program for boys and men at the Antioch High School gym, I would like to especially thank Mr. Wayne Malone, the gymnastics instructor, for the superb job he did, and for introducing gymnastics to many boys for the first time.

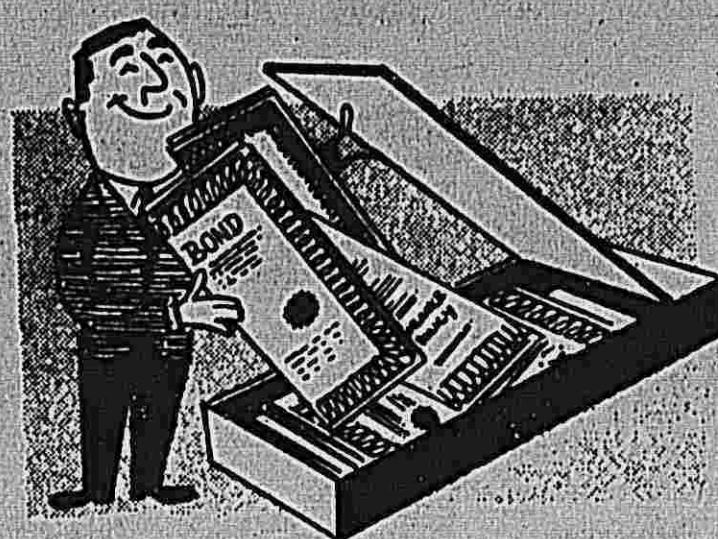

Mr. Malone had volunteered his services to the program. He came to the Antioch area from New Jersey, where he was the YMCA gymnastics instructor and previously developed the program for an Ohio YMCA.

Antioch is quite fortunate to have Mr. Malone with us, and we hope to develop more programs for all ages in the fall and spring of next year.

The boys were instructed on the floor mat, high bar, parallel bars, uneven bars, vault, and trampoline.

It was 11 weeks of rigorous instruction and many sore muscles. But the class of 15 enjoyed the instruction and body building exercises.

"Only God can make a face; we give ourselves expressions."

This Week Honors Key Person: Municipal Clerk

The second week in May marks the observance of Municipal Clerk's Week.

Sponsored by the International Institute of Municipal Clerks (the professional association of more than 3,000 city, town, village, township and borough clerks) this special celebration salutes a historic office which dates back to the founding of our nation.

Mayor Robert C. Wilton Tuesday had words of high

praise for the job being done by Antioch's village clerk, Marilyn Sterbenz.

"You'd have to look a long way to find anyone who does a better job as a village clerk than Marilyn does," the mayor said. "Besides being very capable

and efficient, she is extremely conscientious and spends hours and extra hours at her job. You don't find that kind of dedication very often, but Antioch has it in Marilyn Sterbenz."

Lloyd E. Murrie, township supervisor, had equally lofty

words of praise for L.R. (Buster) Van Patten, who has been serving for many years as clerk of Antioch township.

It is fitting that local communities across the nation take time during our Bicentennial celebration to salute one of the oldest offices in local government.

The office of Municipal Clerk existed at the very beginning of our democratic form of govern-

ment. It has been cited in the Bible, developed in medieval England, and was established as an essential part of our colonial town meeting system.

ST. PAUL and his followers during his missionary work in Persia (now Western Turkey) owed their safety to the action of a town clerk. As related in Acts XIX, 23-25, the artisans of Ephesus who made the idols of the time, feared the effect of Paul's missionary work on their trade. They incited a mob to seize two of Paul's followers. The town clerk, however, spoke out against this action and insisted that charges laid against these men had to be settled in the proper manner and before the proper authorities. There was no justification for riotous conduct. With that, he dispersed the crowd.

Ancient Greece had a city secretary who read official documents publicly. At the opening of a meeting, one of his duties was to read a curse upon anyone who should seek to deceive the people.

SHORTLY AFTER the colonization of what were to become the original 13 states, the town clerk played an important role in the economic life of the community. Deeds and mortgages had to be recorded, legal matters had to be kept straight, and action of the town meetings had to be accurately written and preserved.

The town clerk became the permanent under-secretary who was undisturbed by political upheavals. According to one historical writing about Puritan New England, "Constables, selectmen, and especially, ministers could be changed to satisfy fickle demands, but the town clerk kept the books and a good one was too valuable to meddle with."

Today, the office of Municipal Clerk can be found in every state, and in most communities. The position may be known under a variety of titles such as city or village clerk, municipal

Taxpayers' Money Is Spent Extravagantly

By SEN. BARRY GOLDWATER

Private organizations, in ever-increasing numbers, are joining the drive for a lower level of government spending.

The latest was the 2.5 million-member American Farm Bureau Federation. It is calling for constitutional amendments to require that the federal budget be balanced and federal taxes limited to a "realistic percentage" of the gross national product.

IN ADDITION, the country's biggest farm organization recommended that the President, Vice President and all members of Congress be denied further salary increases until the federal budget is balanced.

The recommendations were among a number of policy proposals put out by the farm bureau as means of fighting inflation, which it said was one of the most crucial issues confronting Americans.

"The economic stability of

America requires a reduction in the inflationary level of government spending," the bureau said. "Both the Congress and the executive branch must accept major responsibility in this area."

ONE OF THE more encouraging signs in the nation's present economic condition is the American people's growing awareness of the relationship between government spending levels and the prices they are

BARRY GOLDWATER

forced to pay for the necessities of life. The attitude that government spending can cure all economic problems, such as unemployment and recession, is fast losing ground.

Another encouraging sign is the fact that some of the candidates aspiring to their party's nomination for President are recognizing the need for a vast reduction in the size and cost of the federal govern-

ment. Some indeed have put high figures on the goals they would set for reduction in the federal budget.

IT WILL take more than campaign speeches and promises to bring about the needed reforms. The real need is for an overpowering demand on the part of the American people for corrections to eliminate extravagance and needless expenditures of the taxpayers' money.

GOP Women Say Thanks To Merchants

Dear Editor:

We feel the merchants and other places of business in our

community should be given special recognition for the generous donations they make to local clubs and organizations.

Their generosity makes the Antioch area a more pleasant, friendly, and happy town to live in, and certainly adds to the success of many events that take place here.

The Antioch Township Republican Women's Club held its annual luncheon at the Antioch Country Club, which was a tremendous success with the help and donations from the following businesses:

The Antioch News, State Bank of Antioch, First National Bank of Antioch, Antioch Savings & Loan Assn., Wilton's Electric, Antioch Carpet Sales, Barnstable's Dept. Store, Joe & Helen's Little Acres, Weasel's Italian Village, The Shoe Box, The Limerick Lounge, Lyons & Ryan Ford, John Teresi Chevie-Olds, Kentucky Fried Chicken, Haley Bros. Cleaners, Foremost Liquors, The Piggy Bank Discount Store, Lasco's Greenhouse, Sunny Bank Resort (the Ships Lounge), Antioch Bowling Lanes, Stanley's Men's Fashions, World Famous Village

A great big "thank you" for your generosity and for receiving us so graciously when

asking for a donation.

The Time Machine

70 YEARS AGO: MAY 10, 1906

On Monday last at about six o'clock in the evening Wm. Young, a well to do farmer living about two miles southeast of Antioch, stabbed to death his son James during an altercation issuing from the attempt of the son to protect his mother, Mrs. Ethel Young, from his father's unwarranted attack on her.

Farmers in Kenosha and Lake counties are to have a chance to utilize electricity as a motive power for the various sorts of farm machinery as it is announced that the Chicago and Milwaukee Electric Railway company will go into the business of supplying power to customers in both states.

50 YEARS AGO: MAY 13, 1926

The business Club met at the Mary Glenn resort on the west shore of Lake Marie on Monday evening. A splendid dinner was served to about 40 members. It was decided that a transportation meeting be held and invite the towns to the south and get their views on encouraging the electric road to speed up and give this section an electric line.

The town of Fox Lake has long been contemplating a change of name, the reason being that this town at one time had a very bad reputation and it seemed impossible to live down the name of Fox Lake. It was suggested it would be a good idea to change the name to Lake City. New people locating there would find a decent, thriving little city with as good morals as any place in the state, said Fox Lake citizen Daniel Hardy.

Mrs. Albertina Krahn, great-grandmother in Bristol village, has 110 descendants. Mother of 10 living children, grandmother of 70 and great grandmother of 30 is the proud record of Mrs. Krahn, who observed her 86th birthday Wednesday.

20 YEARS AGO: MAY 10, 1956

Antioch has a population of 1,802. This was revealed yesterday at the completion of the interim census conducted by the Chicago office of the U.S. Bureau of the Census. It represented a gain of 495 since the 1950 census.

10 YEARS AGO: MAY 12, 1966

To see some of Antioch High's brightest students in action tune in this Saturday to "It's Academic." Local team members Jeannie Stephens, David Chandler and Roger Kovaciny will be competing against Lockport Central and St. Patrick high schools.

Women of The Moose

The May chapter night program of the Antioch Women of the Moose honored Mary Galsler, Louise Imbergia, Evelyn Lowe, Lillian Sorensen, Pearl Roach and Anita Wisniewski.

They received their friendship degrees in Milwaukee recently with 180 others from various chapters.

Among 30 people chosen at random the odds are better than 2 to 1 that at least two of them would have the same birthday.

Forty-five "co-workers" attended the Antioch chapter night. The new owners of friendship degrees were welcomed into the "Golden Circle" and received rings from Collegian Judy Page.

Election of officers is scheduled Thursday, May 20. The 1976-77 slate includes Anita Wisniewski or Norma Lowe for senior regent, Betty Schulmeister for junior regent, Marge Hanson or Barbara O'Higgins for chaplain, Judy Page for recorder, and Dorothy Ottenstroer for treasurer.

Area Students Qualify for Honor Society

One-hundred and forty-five College of Lake County students have been installed into the Phi Theta Kappa national honor society.

Phi Theta Kappa is the national honor society of America junior colleges.

The CLC chapter, Alpha Alpha Pi, has been operative on the campus for two years and has nearly 300 members.

These are some of the new members:

From Antioch: Janet Gallimore, LaVergne Nauseda, Richard Delazzer and Jeffrey Gokey.

From Lake Villa: Lillian Gofron, Vicki Bawdon, Carole Bachem, Sue Gans, Rose Ann Lundford and Nancy Rozga.

From Lindenhurst: Vin Brown, Star Ptasek, Julie Shea, Judith Sokup and Caryn Hough.

Along the way with ANNIE MAE

Zaida Vos received an unusual Mother's Day present Sunday.

Her four sons decided she needed a new roof on her house at 461 Winsor ... so they went over and put one on.

Of course, that gave Zaida a chance to cook steaks for the boys, Ron, Phil, Roman and Bill.

SPEAKING OF the Vos family, Diane is leaving for Africa on May 21 to visit her intended husband, who is teaching music there.

She will stop over in Paris and Rome for a nice European vacation before returning home June 12.

A FORMER Antioch High School basketball star will marry one of the school's pretty cheerleaders on Sept. 25 at St. Peter's Church.

The engagement of Tammy Ann Kempinski to Russell Lee Albano has been announced by her parents, Mr. and Mrs. William Kempinski of Antioch. Parents of the bridegroom-to-be are Harriett Albano and Louis Albano, both of Antioch.

Russ is employed as a meat cutter at Dominick's Finer Foods in Northbrook.

His fiancée will begin work in June at Marriott's Great America theme park.

OUTDOOR WOOD

Wolmanized

Pressure-Treated Lumber

Build beautiful, permanent fences

For your fences ... for patio or porch, benches, sunscreens, shelters, garages, and gazebos ... Outdoor Wood is one beautiful building material.

This fence was built with Wolmanized lumber ... the Outdoor Wood. Termites won't bother it and it won't rot. That's because Wolmanized lumber and plywood are treated with Wolman preservative chemicals, forced deep into the wood under high pressure.

Considering how long Outdoor Wood lasts, even if you don't paint it or stain it, it's relatively inexpensive.

IT'S A BOY! Word spread fast Friday afternoon through Antioch High School and Upper Grade School where the new Mom and Dad are teachers. John and Teri Estep were just as surprised as everyone when their son, Michael Ryan, arrived Friday, one month early. He tipped the scales at 6 lb. 12 oz.

Michael had to stay in Lake Forest Hospital a few extra days, but just can't wait to get home so Mom and Dad can show him off.

Congrats John and Teri.

BLAIR ALAN Trongeau, a brand new baby boy, arrived last Thursday, May 6, weighing 9 lbs. 7 oz. Blair's parents are Marilyn and Terry Trongeau of Genoa City. Marilyn formerly worked for Orchard Medical Center.

Maternal grandparents are William and Phillis Radtke of Antioch, and the paternal grandparents are Mr. and Mrs. Warren Trongeau. Blair is the first child for Marilyn and Terry.

HEAR TELL that Meta Jost is in Victory Memorial Hospital. Get well soon, Meta. A hospital is no place to be during this lovely spring weather.

THE TOWN CRIER

Mary Kern, a teacher at the Upper Grade School, gave us some very interesting reading ... connected with the history of Lake County.

Today we'd like to share just a piece of it with you, but the material will make some longer articles in future issues.

Right now, we want to introduce you to William B. (Doc) Lewin.

His parents, Mr. and Mrs. Henry Lewin, left England in 1853 and arrived in Boston after a crossing that took six weeks.

William was one of 10 children. He became a veterinarian and once served as supervisor for nearby Newport Township.

"Doc" Lewin served in the Civil War, for the North, and was captured along with 14 other prisoners. He was in that hell known as Andersonville prison for almost 10 months and was one of the five from his group who survived.

He said he survived by keeping buried in the sand or dirt. When he returned to this area he wrote to one of his sisters, saying:

"I assure you, I was very pleased to see the Stars & Stripes again. I felt as though I was at home the moment I saw its glorious folds fluttering in the breeze. Our living in prison was chiefly cornmeal and peas and sometimes rice. Each day

we were allowed one pint of meal and a half pint of peas, or a half pint of rice and six spoonfuls of sorghum. Several times I was for three days without a mouthful of anything. The clothing consisted of one pair of pants and a jacket, which I had worn over a year. I was without shirt and shoes and blanket. I tell you, I had some cold toes sometimes."

Enough of that ... let's turn to lighter subjects.

WHEN WE need a good story we can always find one by reading Bill Branen's column in the Burlington Standard-Press.

This is Bill's contribution this week:

I understand that one of the states had an election and one of the candidates came forth with the slogan, What you vote for today, you live with tomorrow.

Believe it or not - there were 35,142 write-in votes for Raquel Welch!

DOUG LARSON of the Green Bay, Wis., Press-Gazette, is another undiscovered wit.

Doug makes observations such as these:

"It gives a person an awesome sense of power to be able to cause cancellation of a TV program just by getting to like it."

"Remember back when pizza

was a foreign food?"

And:

"To some people going on a diet amounts to nothing more than wishful shrinking ... it's discouraging when you set out to lose 10 pounds and discover a few days later that you have only 12 to go."

Cemetery Group To Meet

A meeting of the Hickory Union Cemetery Assn. will be held Tuesday, May 18, at 7:30 p.m. at the home of Mr. and Mrs. Andrew Magiera, 265 Ida Ave., Antioch. Members are invited.

Rescue Squad Has 9 Calls

The Antioch Rescue Squad was called out nine times last week.

Six of the calls were for first aid, two in response to accidents, and one to assist the volunteer fire department. Five trips to Waukegan hospitals were required.

The rescue squad now has made 256 calls so far this year.

27 Girl Scouts Visit Springfield

By DAWN FLASCHNER

It was Easter vacation and the Girl Scouts of Cadette Troop 213 were on the move again.

Not at grammas, not sitting around, not getting a tan, but in our state capital, Springfield.

This exciting encounterment of Springfield started early. I mean 6 a.m. early, and that's early for me.

Can you imagine 27 girls standing around the scouthouse at 6 in the morning? Well, Chris Belter, Lori Berkiel, Jennifer Biel and Beckie Boehm, Dianna DeVries, Laura Dodge, Debbie Dolenkowski, Nancy and Jill Harland, Julie and Jenny Hope, Heather Kufalk, Kirsten and Karin Laurin, Ruth Maplethorpe, Shauna Matthews, Kathy McDonald, Debbie Miles, Helen Noethling, Renne Petykowski, Kim Robinson, Laura Sankey, Tammy Traves, Peggy Wegel, younger sisters Carolyn Belter and Lori Noethling and me, Dawn Flaschner, were all there.

But this trip couldn't have taken place if it wasn't for the Girl Scout transportation com-

mittee. We owe it all to those friendly Girl Scout daddies (you know the kind you go to Father-Daughter banquets with). The girl scouts give their greatest thanks to Mr. and Mrs. Dick Harland, Miss Julie Belter, Mr. Bill Belter, Mr. Al Berkiel and Mr. Roger Noethling who made it possible to get there.

It was roughly a 4-hour trip. And you know how restless Girl Scouts are.

Thanks to the help of Rev. Laurin (one of those friendly Girl Scout daddies) we found a nice cozy church gym to stay in. It was ideal except for one minor detail. It didn't have an elevator. The room we stayed in was 3 flights of stairs up. How would you like to carry a sleeping bag, a hair dryer, a

curling iron, 3 days of clothes, gobs of Easter candy and 11 postcards up that? Well, we all did it. (In 4 trips).

The Girl Scouts didn't just stand around twiddling their thumbs. They saw most everything there was to see. This included: New Salem State Park, Lincoln's Tomb, the State Capitol, the Old State Capitol, The Illinois State Museum, The Governor's Mansion and the Illinois Bell Museum.

Our state representative, Mrs. Betty Lou Reed, arranged the tour of the State Capitol and treated us to lunch in the basement cafeteria of the Capitol.

If you really think you did something over Easter vacation - you didn't till you match Troop 213.

It would, we suggest, be far more interesting to get the figures on those who *try* to burn it and find, by golly, that it's slate! **Home Hints:** Use an old percolator brush when cleaning the sink basin drain.

Bicentennial Award To Homemakers

Many of the Lake Region Homemakers attended the Lake County, University of Illinois Extension Homemakers' annual luncheon at the Swedish Glee Club.

During the program a Bicentennial Focus award was presented to Angela Maras for the Lake Region unit members who volunteered their time and talent to create the Dolly Madison collection of historical patchwork quilt blocks for Mrs. Albert Jenner Jr.

Mrs. Jenner made it possible for these 28 framed quilted blocks to be on a permanent wall display in the Dolly Madison House in Washington D.C.

The Dolly Madison quilt squares were sewn by Ann Connors, Phyllis Drije, Esther Hamlin, Rosemarie Hevrdejs, Martha Fallon, Mrs. Maras, Betty Olson Jean Proctor and Mary Wells. They were also on display at the Chicago Museum of Science and Industry.

The award was received from the National Society of the Daughters of the American Revolution.

AT THE annual business meeting Mrs. L. Volling and Mrs. R. Hevrdejs were presented with pins for their 25 years of membership in the Lake County Homemakers.

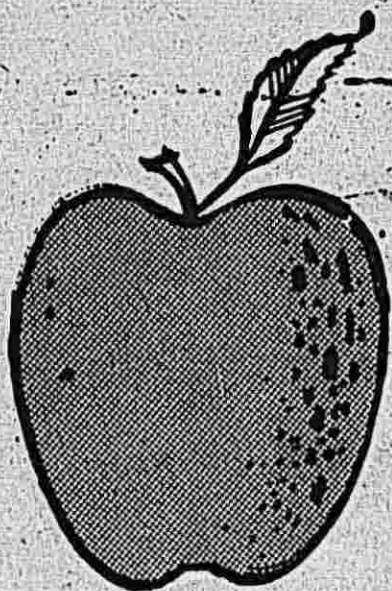

The Lake Region Homemakers will hold their monthly meeting the last Wednesday in May, the 26th, at 7:30 p.m. at the First National Bank of Antioch. Installation of officers will be followed by a lesson on "Home Flower Gardening." Dues will also be collected at the meeting.

Astro-Analysis

By Sonia

ARIES (March 21-April 19) - Getting ahead is more important now than usual so you may have to come to terms with authoritative people who tend to hold you back.

TAURUS (April 20-May 20) - Being in a position to view things in a more farsighted fashion can be your greatest aid in building a sounder foundation. Seek companionship.

GEMINI (May 21-June 21) - Your natural inquisitiveness can come in handy; be thorough and investigate all the angles of any new schemes or offers you may get before becoming involved.

CANCER (June 22-July 21) - Don't allow emotions to interfere with serious business matters. The way you handle personal affairs now has long-range effects that are beneficial.

LEO (July 22-August 21) - Peers seem sympathetic and ready to participate in your endeavors. A harmonious relationship with others gives confidence you desire.

VIRGO (August 22-September 22) - Be a go-getter this week. By reaching out and making that extra effort to attain what you desire you are able to get ahead.

LIBRA (September 23-October 22) - Concentrate now on improving a better domestic atmosphere. Do some redecorating but shop for conservative prices, then plan activities that can be centered around home life.

SCORPIO (October 23-November 21) - It's easy to be harem-scarem, scattering energies in far too many directions now. If you can stick to a definite schedule your accomplishments prove outstanding.

SAGITTARIUS (November 22-December 20) - Don't take present financial affairs lightly; a careful budget must be made and adhered to. You should be saving rather than spending.

CAPRICORN (December 21-January 20) - People tend to recognize your achievements now so be ready to work hard on personal aims. As you tend to be more communicative, persuasive abilities can put you ahead.

AQUARIUS (January 21-February 19) - Interests may be directed more to those who are less fortunate. You are in your own element when practicing humanitarian duties so be charitable.

PISCES (February 20-March 20) - Hopes and dreams have a way of becoming realistic; you now get the things which are most important to you. Past work pays it's highest dividends now.

PUBLICITY DEADLINE IS MONDAY

Because so many clubs and organizations are submitting

publicity releases on Monday afternoons and Tuesday mornings, the Antioch News is having trouble squeezing all of the information into the newspaper. So once again we must strictly enforce our deadline of Monday noon for publicity releases.

Conference Race Hot For Antioch

Antioch High's varsity baseball team, a conference contender again after beating Grayslake 10-7 last week, faces Grant at Fox Lake in a doubleheader Saturday.

The first game begins at 10 a.m.

Following that twin bill, Coach Bill Seemann's Sequoits will play at Cary-Grove at 4:30 next Tuesday.

The Sequoits boosted their league record to 8-4 last week when they beat Grayslake. Warren led the league with a 9-3 record.

Antioch took a 7-0 lead over Grayslake in the first two innings, but the Rams tied it up with five runs in the sixth. The Sequoits won the game in the eighth when Don Norwick and Mitch Witt hit back-to-back triples.

Norwick and Witt each belted two triples in the game and Tom McAvoy contributed three singles.

Grayslake's coach, Larry Martin, said: "Antioch hits the ball better than any team I've seen in our league this year."

The Sequoits didn't fare as well in the district tournament last Friday when they were stunned by Round Lake 12-3.

They are scheduled to play today at home, 4:30, against Lake Zurich, which also has an 8-4 record in the conference.

Little League Season Opens Here Sunday

Antioch will open another Little League baseball season at 1 p.m. Sunday at Williams Park, just east of the library.

The first game will send the Cardinals against the Tigers while the second game pits the Dodgers against the Orioles.

Mayor Robert Wilton normally throws out the first ball, but he is expected to be out-of-town Sunday. If so, village trustee Bill Seemann, who also coaches the Antioch High School baseball team, will toss out the first ball.

There also will be a ribbon-cutting ceremony for the Little League park's new concession stand.

Antioch Girls Top Grayslake

Antioch High's girls softball teams returned to their winning ways last Friday, beating Grayslake here.

Erratic fielding caused the varsity problems as it gave Grayslake four runs in the first inning on only two hits. The score remained 4-0 until the bottom of the third when Antioch scored three. The Sequoits put the game out of reach in the 4th when 10 runners crossed the plate. Karen Kirschke contributed good fielding and a home run. Lori Haviland had three hits and Kathy Murphy and Chris Wiczorek chipped in three RBI's each.

The junior varsity won its game 33-23. Lisa Haling, Pam Parker and Sandy Kessler were the top hitters, along with Cathy Ogden, who had a home run.

Today the Antioch varsity will play at Grant to begin the state tournament.

The next home game is Monday, May 17, at the Upper Grade School at 4:30 p.m. against Round Lake.

Members of the teams are: Varsity - Cathy Miller, Lori Haviland, Kathy Murphy, Kim Case, Chris Wiczorek, Bonnie Pottala, Lorette Landt, Karen Kirschke, Sharon Kurzin, Barb Quinn, Kathy Ipsen and Sandy Kessler.

The junior varsity girls are:

Beth McClellan, Pam Parker, Sue Lass, Monika Lukas, Dolores Johnson, Lisa Haling, Linda Haling, Julie Ellsworth, Kathy Walsh, Kathy Ogden, Kim Plotz, Jamie Vasek, Karla Herbst and Tammy Smith.

The girls began their season Apr. 28 at Stevenson with a double win. Top hitters for the varsity in a 23 to 10 win were Lori Haviland, Kathy Murphy and Kim Case.

The junior varsity won 16-2 in a two-inning game that was halted by darkness. Leading were Cathy Ogden, Pam Parker, Lisa Haling and Linda Haling, who each had at least two hits.

On Apr. 30th the girls were at home against Cary-Grove. The varsity lost an exciting 12-11 game. Cathy Miller, Cathy Murphy and Kim Case contributed two hits each to the Antioch attack.

The junior varsity, paced by the hitting and fielding of Monica Lucas, won a 5-2 decision.

On Wednesday, May 5, Antioch played at Grant and suffered a double loss. Cathy Miller and Lori Haviland were the top hitters in a 10-7 losing effort. A fine catch by the Grant left fielder snuffed out an Antioch rally in the top of the seventh.

The junior varsity suffered its first loss, 9-2.

Track Team Is Ready For Conference Meet

North Chicago beat out Zion 88-75 in last Saturday's Lake County track and field championships at Prairie View.

Antioch's Sequoits, up against their toughest competition of the season, were held to nine points. There were 19 teams in the meet.

Mike Ware of Antioch placed fourth in the triple jump, in which Dave Moenning of Lake Zurich set a county record of 46 feet 8½ inches.

Antioch also was fifth in the 880-yard relay and fifth in the mile relay. John Christiansen placed sixth in the discus throw.

MEANWHILE, the second annual Dick Harland sophomore track tournament was being held in Antioch last Friday afternoon. Lake Forest topped the 8-team field with 131 points, Zion was second with 85 and Antioch third with 84.

LAST WEEK, Antioch's varsity trackmen routed Wauconda 100-46 and Grant 104-42.

Steve Pilcher won the 120-yard high hurdles against

Wauconda in 16.2 seconds and Bob Walsh won them against Grant in 16 flat. Walsh also won the low hurdles in both meets.

Some of Coach Gerry Sandberg's Antioch athletes showed improvement as they posted impressive performances.

Dennis Pederson put the shot 50 feet 3 inches and John Christiansen hurled the discus 132 feet. Mike Ware nearly reached 42 feet in the triple jump and Keith Kaht pole vaulted 11 feet 6 inches.

Dave Moore sprinted 100 yards in 10.3 and, in the 880 relay, had a 1:36 clocking along with three teammates: David Lagerstrom, Jim Crutchfield and David Wurster. Their time ranked fifth in the county.

Bob Packert and Jerry Michalak were high jump winners at 5 feet 10 inches. Michalak has reached 6-3 this year.

Walsh ranked fifth in the county with his 42-second clocking in the low hurdles.

THE NORTHWEST Suburban Conference championships will be held Saturday at Stevenson, beginning at 10 a.m. Based on its dual meet victories, Antioch will be one of the favorites.

The Sequoit athletes will compete in district competition Friday, May 21, hoping to qualify for the state championships at Eastern Illinois University.

Antioch Racers 2nd at Wilmot

John Dost of Antioch placed second in the 12-lap sportsman semi-feature race at Kenosha County Speedway last Saturday night. Chuck Ostergaard of Antioch was second in the 15-lap feature.

Dost was beaten to the finish line by Bill Meyer of Kenosha, but finished ahead of several other leading drivers.

Ostergaard posted the third fastest qualifying time in the sportsman division.

The "Flying Grandfather," Etchie Biertzer, West Bend, looked and sounded like the fans' choice to win the 25-lap super modified stock car feature in Wilmot Saturday night. However, at the end, it was still champion Dick Colburn, Muskego, "King" and still undefeated this season as he ran his string to three straight.

Biertzer, a near 60-year-old driver, had set fast time at 17.46 on the third-mile clay oval and

moved from the last starting spot quickly to run second behind his son, Ken, before taking the lead and moving out to almost a half-lap lead. Colburn, once in second, worked hard and never got around the pipe-smoking Biertzer until the 22nd lap. He then finished with only a slight lead at the checkered flag waved by Wayne Soder of Antioch.

The super modified semi-feature race was won by Bill Schmidt, Kenosha, a rookie who also won a heat race to run his win total to four to equal that of Champion Colburn. Other heat race winners were Ken and Etchie Biertzer and Joe Kristan, Waukegan.

Ken Zeise, Union Grove, became the first sportsman stock car driver to double in feature race wins as he defeated Ostergaard and champion Duke Norton, Wonder Lake, in a close 15-lap battle.

MINI-INDY RACERS drew a lot of attention from fans at the Lake Geneva Raceway Saturday when 33 of the snowmobile cars raced there. The winner was Chris Schneider, Kalamazoo, Mich., by inches at the finish line. Full-sized midgets from the Illinois-Wisconsin circuit will be at the raceway on Friday night, May 28. This group opened the 1976 season Saturday night at Joliet, and in the very first heat race driver Dennis Schumann, Stoughton, Wis., crashed and was killed. His was the second death at the Joliet Stadium in 25 years of racing.

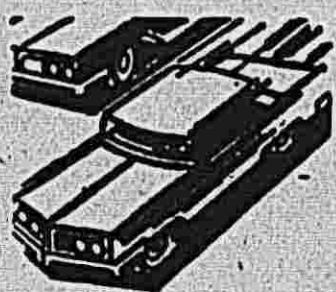

Waukegan Speedway Is 'Young' Track

Ray Young raced to his third Waukegan Speedway feature victory of the year Sunday night as he dodged spinning cars in the final two laps to beat Bob Dotter and Tom Jones to the finish line.

Young, less than three hours after a big win at Grundy, posted third fast time at Waukegan and then stormed through the field to win the dash, heat and the 30-lap main.

The wild 12-lap hobby feature went to Waukegan's Mike Simon with Jerry Stanley slipping through the accidents for second. At one point, six cars collided on the main straightaway with one hobby driver riding the wall for more than 100 feet.

Racing continues this weekend at Waukegan with late

models and hobbies on Saturday and Sunday night. Time trials are at 7:15 with the first race at 8 p.m.

A special hobby variety program has been announced for Friday night, May 28, at Waukegan with the year's first powder puff derby, the first "Beat-Your-Neighbor" races, and the first demolition derby on the thrill-packed card.

BILL HENDRICKSON of Wheeling and Tom Jones of Northbrook were the big winners Saturday night at the Waukegan Speedway.

Hendrickson scored a spectacular hobby stock feature win by passing point leader Joe Guzzo in the final 50 feet.

The late model program saw Tom Jones lead wire-to-wire following a disappointing time trial run. Bob Dotter finished second about three car lengths behind.

Ray Young, the current point leader and the night's quickest qualifier at 14.03, finished third in the main event.

Probability gives 1 chance in 8,192 for a family of 13 children being all males or all females.

Car No. 13 Wins At Geneva

USAC stock car standout Bay Darnell, Deerfield, took a 1976 Camaro, carrying the number 13, and wound up winning the 30-lap late model stock car feature at Lake Geneva Raceway Saturday.

Darnell defeated previously undefeated Dave Watson, Milton, in another 1976 Camaro.

Defending 1975 champion Al Schill was only a few car lengths back in third.

Thirty-three Mini-Indy cars showed up and Chris Schneider of Michigan won at the finish line in the 20-lap feature when he passed Chuck Rencurrel, also of Michigan.

This Saturday night will be 1975 "Champions Night," honoring Al Schill and Roger Meyers of Columbus, Wis. Trophies will be presented and fans are urged to bake cakes and bring gifts for their drivers.

RON BERGSMA, Richmond, used his Plymouth-powered, gasoline-fueled super modified to win the 20-lap feature at Lake Geneva Raceway on Sunday.

Fast time qualifier Bob Robel, Oconomowoc, Wis., blistered the track with a 16.78 second run in the time trials and finished second.

Sportsman stock car events were held with Fran Baumgartner, Genoa City, winning the 25-lap feature over Chuck Ostergaard, Antioch.

Antioch's Village Clerks Date Back to 1892

Continued from page 4

secretary, recorder, clerk of council, or auditor. This office is the only major administrative position in local government in which the majority of the occupants are women. Furthermore, of the total number of women holding top executive positions in local government (mayor, manager, clerk, finance officer, public works director, fire chief, police chief), more than 70 percent of them are municipal clerks.

While the recording of council actions and the maintenance of the official records of the city are still an important function of the office, today's municipal clerk is more likely to perform several major duties. More than three-quarters of them are responsible for all or some of the election function in their community. Two-thirds issue business licenses and other

licenses such as hunting, fishing, dog, bicycle, etc. A third of them record vital statistics.

In a number of states the municipal clerk has the additional duty of finance officer or treasurer. And a significant number of municipal clerks (29 percent) serve as the full-time administrative officer, especially in the smaller villages and towns.

LUCKILY, AND of great interest, we have been provided with a record of all the persons who have served as clerk of the village of Antioch. Here is the list:

1892-93 - William Emmons.
1893-94 - A.F. Burke.
1894-95 - C.M. Confer.
1895-98 - Frank Pitman, Jr.
1898-1900 - J.C. James, Jr.
1900-1901 - Frank Pitman, Jr.
1901-1903 - J.C. James, Jr.
1903-1914 - L.M. Hughes
1914-1915 - B.H. Overton.
1915-1918 - Harry A. Isaacs.

1918-1920 - Joseph C. James.
1920-1932 - Harry Isaacs.
1932-1946 - Roy L. Murrie.
1946-1948 - Laurel D. Powles,
Deputy Clerk.

1948-1952 - Laurel D. Powles.
1952-1953 - Clarence B. Shultis, Deputy Clerk.
1953-1969 - Clarence B. Shultis
1969-Present - Marilyn J. Sterbenz.

Our present village clerk, Mrs. Sterbenz, was instrumental in starting the Lake County Clerks association, in 1972.

The eminent political scientist, Professor William Bennett Munro, writing in one of the first textbooks on municipal administration, stated:

"No other office in municipal service has so many contacts. It serves the mayor, the city council, the city manager (when there is one) and all administrative departments without exception. All of them call upon it, almost daily, for some service or information. Its

work is not spectacular, but it demands versatility, alertness, accuracy and no end of patience. The public does not realize how many loose ends of

city administration this office pulls together."

Those words, written 40 years ago, are even more appropriate today.

Inflation could be kept down if shoppers were careful not to bruise produce in the supermarket.

The chance of being dealt the 13 highest cards in a 13 card bridge hand is 158,753,389,899 to 1.

The ABC's of Travel

By BARB CORBIN

They read like the tape of a stock ticker or a lineup of government agencies, but GIT, APEX, OTC and FIT are actually four pretty good ways to see Europe.

Let me spell it out. The initials mean you can get lusty price breaks just by flying over in one month and not another, or by lingering in Europe a day more than you planned to, or by buying a tour package instead of arriving unannounced on the Continent.

This is just a few of the transatlantic travel wares available but now you have many puzzling questions. The person to put the questions to is your local travel agent. He offers the services of tour wholesalers, airlines, shipping lines, hotels, car rental firms and other travel service companies. The best part is that this service costs you nothing. Agents get commissions or fees on each sale from wholesalers, airlines and the rest.

Which is the one for you? Bus,

BARB CORBIN

boat, train, plane, Europe, Central and South America, North America, Africa, Mid East and Far East, Pacific or the Caribbean and Bahamas?

Ask your local travel agent who is a specialist in business and holiday travel. These services can save you time, money, frustration - and the advice is free. The travel agent books

your airline tickets, train and boat tickets, too. Hotels? Of course, and advice on the best hotel to choose, to fit your needs and pocket. Should you want a car to meet your plane? He will arrange that along with sight-seeing tours, and theatre and restaurant reservations, to help you get the most out of your trip.

So when you travel, let a travel agent help with the planning. Then all you have to do is enjoy your trip. I don't know of any other type of business that gives this many services completely FREE. See you soon.
